BARNSELY HOSPITALITY TROLLEY

The Barnsley Hospitality Trolley is a high quality frequent use service trolley, ideal for both front and back of house applications. It is made from easy clean laminated solid MFC wood panels framed in beautiful Tulipwood. This gives it a quality look and feel with the toughness for constant use.

It has three tiers, each of which has an integrated rubber bumper to minimise side impact. The bumper edging also prevents items rolling off in transit.

The trolley sits on 4 sturdy swivel wheels offering perfectly smooth manoeuvring. There are 2 braked wheels to hold the trolley in position when stationary. Each tier is supported with polished stainless steel columns giving it a stylish contemporary look.

This is a high quality trolley suitable for highest level boardroom meetings. Its versatility and durability means it is also suitable for everyday hotel, restaurant and institutional applications.
