The Gretton Grey pop up bar is spontaneous and fun. However behind all fun events is meticulous planning. For corporate events, weddings, and parties, this easily assembled bar offers spontaneity. It also combines spontaneity with a high level of professionalism. The colourful pop up counter design makes it incredibly useful at a wide range of functions.

The pop up bar serves equally well as a Champagne Bar, a Gin Bar or the, ever popular, garden bar. It is also very useful as an exhibition stand or stall.

It is equally useful as an everyday bar for use at home. With more and more of us choosing to entertain at home this jolly indoor home bar is just as easy to use inside as it is in the garden or backyard pub shed. Easily adapting to whatever space or room you may want to use it.

Modular Bar

We manufacture the colourful Gretton Grey portable bar from sustainable redwood and pine. It is modular and compact allowing you to arrange as you see fit. It consists of 3 sections: a central bar section and 2 modular side sections. Each of the 3 sections carries a solid pine work surface. The two side sections can be arranged in a wide variety of formats. All sections sit on 4 casters, 2 of which are braked to hold in position.

Gretton Grey Painted Bar Assembly
