JUNIOR PIKLER INSPIRED CLIMBING TRIANGLE NATURAL

We manufacture our toddler Junior Climbing Triangle right here in the UK from lacquered premium sustainable Birch Ply. It forms part of the Ligneus PLAY range of products and so assuring you of its quality. Birch Plywood offers an incredibly durable, robust product whilst maintaining a beautifully natural look and feel.

Unlike other Pikler Inspired triangles on the market ours uses 35mm Pine dowels for the rungs. These larger diameters offer a more secure and comfy grip even for little hands and fingers. The Junior Pikler Climbing Triangle stands circa 610mm high.

Independently Tested Junior Climbing Triangle

Our Junior Pikler Inspired triangle has been independently tested and conforms to:

- UK Toys (Safety) Regulations 2011. EN71-1:2014+A1:2018; EN71-2:2020; EN71-3:2019+A1:2021
- 2009/48/EC OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL on the safety of toys European Toy Standards & Regulations EN71 Parts 1,2 3 & 8

Easily Folded Away

The triangle is designed to easily fold away. This is done using the quick release handles on each of the shorter legs allowing the legs to pivot closed.

Childhood development

The junior triangle climbing frame is considered an essential tool in childhood development. A food safe lacquer offers a natural look and an easy clean finish. It has been designed to encourage the development of a child's agility and reaction skills. They will learn to stand, climb and vanquish fears at their own pace. It instinctively emboldens and develops strength and stability. Watch them evolve in front of your eyes as their confidence pushes them to new heights. Literally!

As well as crucial development the junior Pikler inspired triangle offers endless fun as they learn to explore their imagination.

Stand alone the junior climbing triangle can be easily turn into a den or tunnel. Combined with any of the other components in the Pikler Inspired Range and the Ligneus PLAY range this versatile product transforms into a world of wonder.

The modular make up means all the other parts work seamlessly together. Assault courses, labyrinths, castles....you really are only limited by your imagination.
