MOBILE RUSTIC BROWN ALBERT 3-TIER QUEUE DIVIDER DISPLAY STAND 1551X360X1070

The Mobile Rustic Brown Albert 3-Tier Queue Divider Display Stand 1551x360x1070 is a bit of a beast. Our largest queue divider yet it takes its name from The Royal Albert Hall from where it was designed. It has stacks of room for containing your products and having them close to hand at point of sale. It has 10 compartments along the top shelf and 5 deeper compartments on the middle and lower shelves for replenishment stock or even more display.

The Albert queue divider comes with a set of 4 casters of which 2 are lockable. Unlike the other queue dividers which has optional lockable lids, with the Albert these lids come as standard. A key difference with the Albert lockable lids is that the top shelf has a lockable box lid. This allows for a greater volume to be contained securely after hours. The box lid can be stowed away in the lower shelves when in use if it suits.
