- Manufactured in the UK

NATURAL CHRISTMAS SLED 400X205X110

A sight to behold every white Christmas - the slopes alive with children on sleds. Although our Natural Christmas sled is just for show it represents much of the playful magic of Christmas. Use it to display your nativity scenes or as table centre with a cheese board on it. Place it in your window and create a classic wintry scene.

You can use it to show off merchandise such as toys, wrapped packages, holiday decor and more. You can surround it with complimentary decorations to achieve the look of a beautiful winter wonderland.

The wooden sledge display is made from a high quality pine wood with a rustic weathered finish. You also have the option to have it in a natural finish so you can decorate it yourself. If you prefer something a little more colourful you may like the Painted Christmas Sled
