Nilaqua Wall Mounted Sanitiser Plus Starter Kit

This Nilaqua Wall Mounted Sanitiser Plus Starter Kit offers an immediate solution to wall mounted sanitiser

The Starter kit includes:

- 1 x hand operated wall mounted dispenser
- 1 x 1 litre refillable cartridge
- [1 x 5 litre Hand Sanitiser refill](#)

The wall mounted hand operated dispenser comes with 1 litre cartridge that is easily refilled - further cutting down on plastic waste. It is supplied with

Nilaqua Hand Sanitiser Plus is a fragrance & alcohol free Hand Sanitiser. It is effective within 60 seconds and a powerful germ killer (99.9999%). At the same time it is kind to the individual and environment. It does not strip surfaces as it contains no irritants within its formulation.

Nilaqua® is EN1500 approved which means the bugs are tested on real people not just test tubes! EN1500 is the standard required by the NHS. It is effective against all enveloped viruses as defined in EN 14476:2013 + A2:2019 Annex A*. This therefore includes all coronaviruses and SARS-CoV-2.

The hand sanitiser uses the latest Advanced Barrier Technology. This means that Nilaqua not only provides rapid kill against bacteria and viruses, but provides a residual barrier on the surface. This barrier continues to work for at least 6 hours after the initial application.
