NURSERY ACTIVITY TABLE

Our Nursery Activity Table is an incredibly useful addition to any nursery or classroom. A very sturdy construction made from premium birch ply and finished in a food safe lacquer for easy clean

The legs rise above the surface offing a lip to help secure contents and prevent pens and crayons rolling off. It works well as lunchtime table for much the same reason and the food safe lacquer finish ensures an easy wipe clean surface.

Beautifully Compatible

The Nursery learning Table is designed to work perfectly with the Nursery Chair and the Nursery Stool. You do have the option to purchase all three as an Activity and Learning Nursery Table Set
