OAK BEVERAGE DISPLAY STAND 443X234X320

The Oak Beverage Display Stand 443x234x320 is a great multi-functional riser. It works incredibly well by itself but comes into its own when combining with the Oak Curved Drop Front Tray 423x333x70. In this way it forms the very popular Oak Beverage Station 448x336x320.

It has a drop front along one side for ease of access. This also allows taps from juice and beverage dispensers to sit over the edge. We manufacture the beverage stand from sustainable Oak. Finished in a food grade lacquer this is a very attractive riser display stand.
