PINE FRAME PARTITION SCREEN TABLE DIVIDER WITH MIXED MEDIA AND SEE THRU PANEL 1200X400X1400

The Pine Frame Partition Screen Table Divider with Mixed Media and see thru panel is very easy to assemble. The screen is made from sustainable pine giving it a classic organic look. This table divider is hygienic and low maintenance making it ideal for a variety of indoor settings from pubs and bars to restaurants and hotels. The top panel is clear acrylic with the highest visibility whilst the bottom panel is a printed Foamex board. The sturdy frame pine frame sits on 4 lockable casters which makes it incredibly manoeuvrable.

This partition screen demonstrates that being COVID Safe doesn't mean you have to compromise on style. In fact our screens can actually enhance your environment helping to create a cosy ambiance.

You do have the option for an engraving along the top pine panel - simply add your text.

Upload a JPEG of the design/ image you require and it is printed on both sides of a 5mm Foamex board to the dimensions 1114mm x 597mm. The price includes the same image printed on both sides.

If you would like a different image on each side then simply upload a second file for which there is a supplementary charge.

This partition screen is supplied as a flat pack – 20 mins assembly time.
