RUSTIC BROWN PINE ARTIST EASEL 1120X925X1900

An Artist Easel can be a great way for your business to stand out in a crowd. This large rustic brown pine Artist Easel stands 1.9m tall. We manufacture this easel from sustainably sourced solid pine and finish it in a rustic brown. This is a substantial easel which can be easily moved and adjusted to suit your requirements

It is hinged and can fold flat for stowing away. When flat its length is 1.95m. When stood up the rear leg is secured with a sisal cord. The cord is threaded through the frame onto wooden pegs which can be pulled to collapse the easel. This cord can then be used to secure the easel closed when packed. The cord can also be used to adjust the angle of the easel by shortening the distance between the front and back legs.

It can support quite a canvass or chalkboard on 2 solid wooden pegs. The height of these pegs can be adjusted at 9 different levels. This offers you a great deal of flexibility when putting your display together.

This product comes flat pack but takes less than 5 minutes to put up.
