RUSTIC BROWN PINE FOLDING TRAY STAND 495X410X745

This beautiful Rustic Brown Pine Folding Tray Stand is ideal for front of house service. This is a very handy light weight fold-able stand for ease of carry. When in position it enables waiters and waitresses to rest service trays and present food and drink to the table. When set out it stands 745mm high.

A folding tray stand is a must-have for any front-of-house environment from bars to restaurants. Our beautiful pine folding tray stand ensures service runs smoothly even through busy periods. It is incredibly easy to use and transport. It allows your waiting staff to set trays down when serving food or drink. This ensures they can safely lift items off the tray to serve to customers. This traditional table-side service is even more important in the current climate. The setting down of trays can help maintain social distancing within the hospitality environment.
