

Nursery Climbing Arch

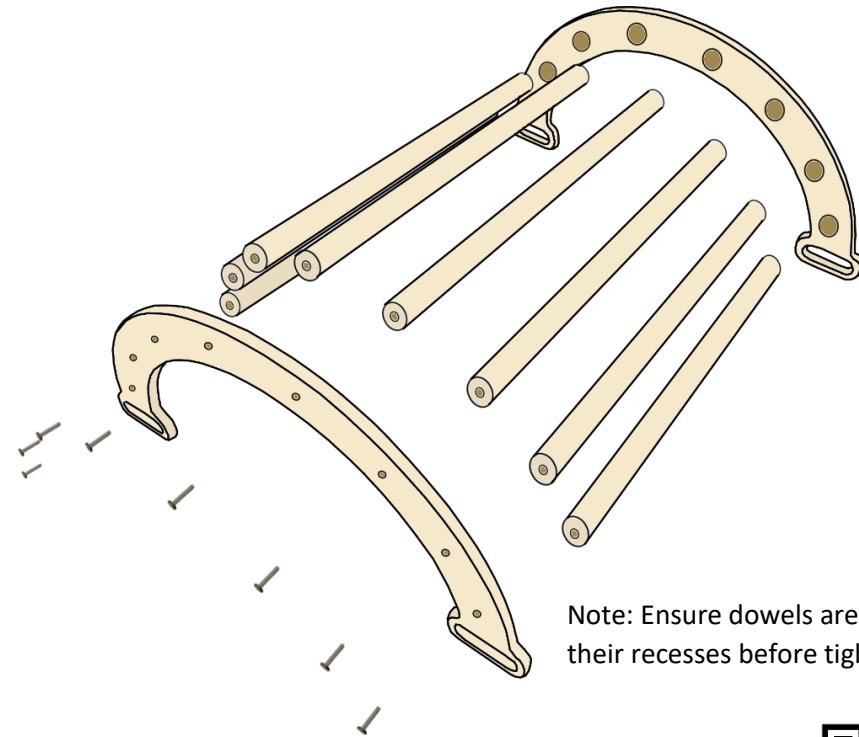

What's included:

What you will need: Competent adult supervision

Assembly instructions:

- i) Lay one side flat on the floor.
- ii) Insert a rung into each recess.
- iii) With all rungs vertical, place the other side on top, align and fit into each recess.
- iv) Ensuring correct alignment insert M6x30 bolts and finger tighten into the embedded female threads.
- v) Carefully turn the arch over and repeat step iv on the other side.
- vi) When all rungs are seated correctly tighten with the supplied Allen key.
