

Nursery Natural Climbing Triangle

What's included:

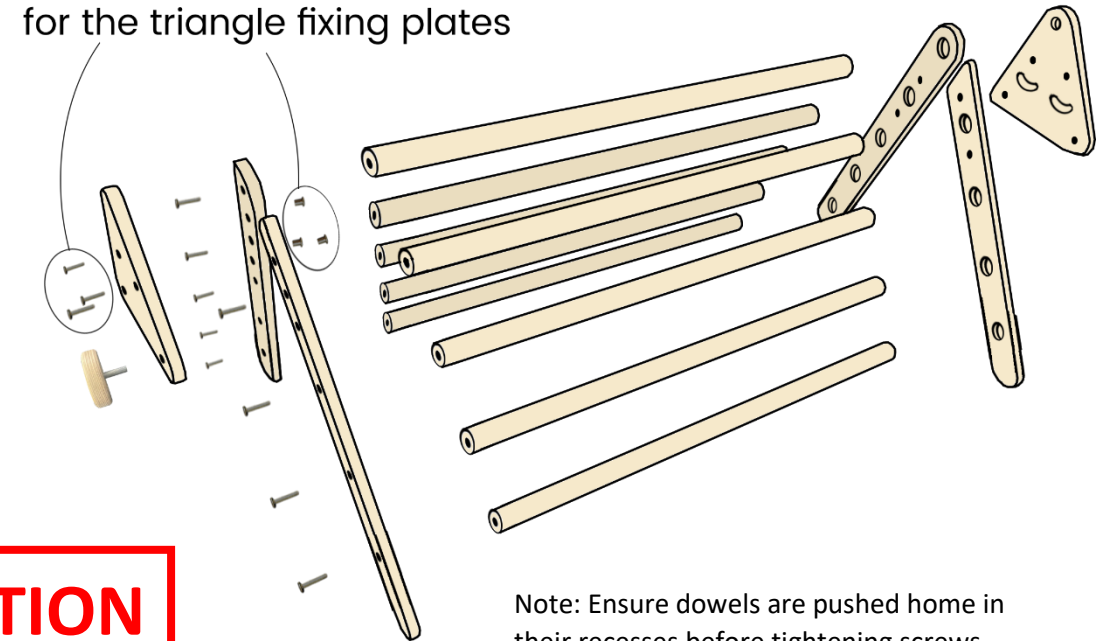

Parts:

Male & female threads
for the triangle fixing plates

Tools & fixings:

What you will need:

- Competent adult supervision

CAUTION
CHOKING HAZARD
CONTAINS SMALL PARTS
Adult supervision required

Note: Ensure dowels are pushed home in their recesses before tightening screws

Assembly instructions:

- i) Lay one short leg on the floor.
- ii) Insert a rung into each recess.
- iii) With all rungs vertical, place the other short leg on top, align and fit into each recess.
- iv) Ensuring correct alignment insert M6x30 bolts and finger tighten.
- v) Carefully turn over and repeat step iv on the other side.
- vi) When all rungs are seated correctly tighten with the supplied Allen key.
- vii) Repeat steps I to vi with the long legs
- viii) Hold up the 2 sides to form the basis of the triangle
- ix) Attach the 2 triangle fixing plates to either side of your formed triangle using the male & female threads supplied – female threads on the inside (Each short leg already have an embedded female thread for the quick release handles)
- x) You will find the short leg now pivots. These can be secured in place with the quick release handles
